

AAPG ROCKY MOUNTAIN SECTION 2010 ANNUAL MEETING
June 13-16 Fort Lewis College Durango, Colorado

Fall 2009

The Four Corners Geological Society is hosting the 2010 Annual Meeting of the Rocky Mountain Section American Association of Petroleum Geologists. We invite you to join us in Durango, Colorado, June 13-16, 2010. We wish to share the magic of the Four Corners area with you as we hold our first-ever RMS-AAPG meeting in Durango. We also extend to you and your organization the opportunity to assist us in the success of this important meeting by participating as a sponsor. Sponsorship is a great advertising opportunity and is also an opportunity to invest in the geosciences community.

This year's theme is "A Decade into the New Millennium – What Have We Learned?" and will feature 14 technical sessions, posters, field trips, short courses, over 30 exhibitors, and many festive events. We expect over 700 participants from across the nine Rocky Mountain states, from across the country and from around the globe. It's our 59th Annual Rocky Mountain Rendezvous! Will you join us and help support our efforts?

The financial success of this meeting depends on corporate sponsorship. Any extra proceeds will be returned to the RMS Section and its affiliated societies, assuring that successful conferences will continue in the future. We have identified various levels of sponsorship, named after peaks in the San Juan Mountains, and advertising opportunities in our Programs with Abstracts publication. The details are on the form included with this letter.

Put your company logo on our meeting bags, into our program, on signage, sponsor a session or social event, or advertise in our program. You will help us defray costs while promoting your business. Your sponsorship is also a way to "give back" to the science of petroleum geology and related disciplines – the science that has been so good to all of us over the years. Our meetings allow for the free and open exchange of ideas so important to our profession and to our democracy, and in turn help us expand our ability to meet the energy needs of our country and the world. As we all know, energy is found first "in the minds of men" and women.

We hope we can count on you to make this event a great success. We prefer to receive payment prior to the end of 2009. However, if paying in early 2010 is better for your company, we kindly request payment by February 1, 2010. Make checks payable to: RMS-AAPG. Please see the enclosed sponsor form.

Best regards,

Tom Ann Casey and James Hornbeck

Hosted by the Four Corners Geological Society, P.O. Box 1501, Durango, CO 81302
Sponsorship Co-chairs: Tom Ann Casey (970-749-7196) and Jim Hornbeck (505-320-2167)
General Co-Chairs: James Fassett and Kim Miskell-Gerhardt
